

When to Visit Toronto

A classification model predicting when there will be good weather

Alex Yu

```
##
## tree1_pred  bad good
##           bad 5674  671
##           good  548  863
```

Accuracy = 84.25% Sensitivity (true positive rate) = 61.16% Specificity (true negative rate) = 89.38%
